

The General Assembly of FIMM 2009 Prague

Dear Colleagues,

We are delighted to welcome you in Prague – the center of Europe.

The key issues of the FIMM General Assembly 2009 are the following:

- The General Assembly should confirm the Memorandum of Understanding between FIMM and the Academy and the mandate to the ESOMM to represent MM-issues in Europe
- The General Assembly should decide on the involvement of FIMM on the 2010 Congress in Potsdam/Germany
- The General Assembly should debate on the reports of the two Boards (Education, Health Policy)
- The General Assembly should confirm the members of the FIMM Education Board.

We hope that the General Assembly 2009 will be creative and constructive.

The Assembly takes place on invitation of the Czech Society of Myoskeletal Medicine.

Welcome to Prague!

Dr. Wolfgang von Heymann
FIMM President
